This notice provides a brief summary of the Mississippi Life and Health Insurance Guaranty Association (the “Association”) and the protection it provides for policyholders. This safety net was created by Mississippi law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your life, annuity or health insurer becomes financially unable to meet its obligations. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Mississippi law, with funding from assessments paid by other insurance companies. (For purposes of this notice, the terms “insurance company” and “insurer” include health maintenance organizations (HMOs).)

The basic protections provided by the Association are:

Life Insurance

- \$300,000 in death benefits
- \$100,000 in net cash surrender and net cash withdrawal values

Health Insurance

- \$500,000 for health benefit plans (see definition below)
- \$300,000 in disability income insurance benefits
- \$300,000 in long-term care insurance benefits
- \$100,000 in other types of health insurance benefits

Annuities

- \$250,000 in the present value of annuity benefits, including net cash surrender and net cash withdrawal values

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is \$300,000. Special rules may apply with regard to health benefit plans.

“Health benefit plan” is defined in Miss. Code Ann. § 83-23-209 and generally includes hospital or medical expense policies, contracts or certificates, or HMO subscriber contracts that provide comprehensive forms of coverage for hospitalization or medical services, but excludes policies that provide coverages for limited benefits (such as dental-only or vision-only insurance), Medicare Supplement insurance, disability income insurance and long-term care insurance (LTCI).

Note: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also various residency requirements and other limitations under Mississippi law.

Benefits provided by a long-term care (LTC) rider to a life insurance policy or annuity contract shall be considered the same type of benefits as the base life insurance policy or annuity contract to which it relates.

tracts or

To file a complaint or seek information about the financial condition of an insurer, contact the Mississippi Insurance Department.

Your insurer is required by law to provide you with this notice. However, insurance companies and their agents are prohibited by law from using the existence of the Association for the purpose of sales, solicitation or inducement to purchase any form of insurance.

If the premium due is not paid by the end of the Grace Period, this policy will lapse (will not be in force) due to non-payment of premium.

We will provide written notice that this policy will lapse for non-payment of premium at least 31 days before such termination would occur. Notice will be sent to Your last known address and the last known address of any assignee of record. Notice will include the amount of premium necessary to keep this policy in force and the date by which such premium must be received.

Reinstatement. If premium is not paid by the end of the Grace Period, this policy will lapse (will not be in force). If You want this policy to be reinstated (to be in force again), You must apply for reinstatement in writing to Our administrative office within one year of this policy lapsing. This policy will be reinstated on the Reinstatement Date. If We have not acted to approve or decline Your Application for reinstatement within 45 days of receipt of Your Application, the request for reinstatement will be considered approved. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than 60 days prior to the date of reinstatement.

The reinstated policy will only cover losses resulting from an Injury sustained after the Reinstatement Date.

This policy cannot be reinstated if a surrender is requested under the Right to Examine or Right to Cancel section.

Refund of Unearned Premium. If this policy terminates, We will refund to You the unearned portion of any premiums paid. If this policy terminates due to death, We will refund the portion of any premiums paid which were applied to periods following the date of the Primary Insured Person's death to the Beneficiary.

Unpaid Premiums. When a claim is paid, any premium then due and unpaid may be deducted by Us from the claim payment and applied to the premium due. If the premium due is more than the amount payable for the claim, no benefit is payable.

MILITARY SERVICE

You may suspend this policy if the Primary Insured Person enters active military service. There will be no coverage during the period of suspension, and no premium payments will be due during this time. Active military service means actively serving in any armed forces of any country, or units auxiliary thereto, including the National Guard or Reserve, except for active-duty training of less than 60 days. Upon Your written request, including information proving that the Primary Insured Person is eligible, We will suspend coverage under this policy on the date military service begins and refund any unearned premium to You.

You can put this policy back in force without providing evidence of insurability upon termination of such service. To do this, We will need a written request and payment of premium within 90 days of termination of active military service. The premium will be the same as if this policy had stayed in force. The coverage under this policy will resume as of the date of termination of active duty and once We are in receipt of both the written request to unsuspend this policy and the payment of any premium due. Once unsuspended, this policy shall cover Injuries occurring after this policy is put back in force.

ELIGIBILITY

Persons Eligible on the Issue Date. The only people eligible for coverage on the Issue Date are the Primary Insured Person, Spouse and Insured Children.

Persons Who Become Eligible After the Issue Date. If this policy includes coverage for Insured Children, automatic coverage will be provided to any Insured Child born to the Primary Insured Person, adopted by the Primary Insured Person, or placed for adoption with the Primary Insured Person, from the later of 15 days of age or the date of adoption or placement for adoption. Any stepchild that first meets the definition of Insured Child after this policy is in force will become insured on the date the definition is met. We must receive written notice for such Insured Child, including the child's name and date of birth, adoption or placement for adoption.

Except as provided above, any others who become eligible after the Issue Date can only become Insured Persons after We approve such eligible person's written Application for coverage and all required premiums are paid.

Continuation of Coverage for Spouse Upon Divorce or Death. If this policy includes coverage for the Primary Insured Person's Spouse, the Spouse can keep this coverage in force by notifying Us in writing and providing payment within 60 days of divorce from or death of the Primary Insured Person. The continued coverage will provide the Spouse the same coverage provided under this policy at the time of continuation. The continued coverage will be subject to the remainder of periods stated in the Time Limit on Certain Defenses provision. If this same coverage is no longer offered at the time of continuation, We will issue coverage that is most comparable.

TERMINATION

Coverage will terminate and no benefits will be payable under this policy or any attached riders on the earliest of the following:

- when any premium due for this policy is not paid before the end of the Grace Period;
- the date We receive Your written request at Our administrative office to terminate this policy, unless the notice specifies a later date;
- upon the Primary Insured Person's death; or
- the policy Anniversary following the Primary Insured Person's 80th birthday.

Termination of Spouse Coverage. If this policy includes coverage for a Spouse, the coverage for the Spouse under this policy and any attached riders will terminate upon the earlier of Our receipt of a valid decree of divorce unless otherwise specified in the decree or the policy Anniversary following the Spouse's 80th birthday.

Termination of Child Coverage. If this policy includes coverage for Insured Children, the coverage for any Insured Child under this policy and any attached riders will terminate upon the policy Anniversary following the Insured Child's 26th birthday.

The attainment of the limiting age for an eligible Insured Child will not cause coverage to terminate while such child continues to be both:

- incapable of self-sustaining employment by reason of mental or physical disability; and
- chiefly dependent on the Primary Insured Person for support and maintenance. For the purposes of this provision, chiefly dependent means the eligible Insured Child receives the majority of financial support from the Primary Insured Person.

We will require that You provide proof that the Insured Child is a disabled and dependent person within 31 days of the child's attainment of the limiting age. After two years following attainment of the limiting age, We may again require such proof not more frequently than annually. In the absence of such proof, We may terminate the coverage for the Insured Child after the attainment of the limiting age.

Changes in Eligibility. It is Your responsibility to notify Us of any Insured Person's loss of eligibility. Our acceptance of premium for any person for whom coverage has terminated will not extend coverage for such person, and Our sole liability will be limited to a refund of such premium.

CLAIM PROCEDURES

Notice of Claim. Written notice of claim must be given to Us within 30 calendar days after a loss covered by this policy occurs, or as soon as reasonably possible, subject to the Proof of Loss provision. Notice must be given to Us at Our administrative office. The notice should include Your name, the Insured Person's name, if different, and Policy Number as shown on the policy Schedule. If notice of claim is given by someone other than You, the notice should also include the name and address of the individual submitting the notice, their relationship to You, and a statement that payment of a claim is being requested.

Claim Forms. When We receive the notice of claim, We will send You or the Beneficiary the forms for filing the required proof of loss. If We do not send these forms within 15 calendar days, it shall be deemed You or the Beneficiary met the proof of loss requirement by giving Us written proof of the cause, nature and extent of the loss within the time limit stated in the Proof of Loss provision.

Proof of Loss. Written proof of loss satisfactory to Us must be given within 120 calendar days after such loss. Notice must be given to Us at Our administrative office. If it is not possible to give written proof in the time required, We will not reduce or deny the claim for this reason if such proof is filed as soon as reasonably possible. In any event, the proof must be given to Us no later than one year from the date proof is otherwise required unless You are legally incapacitated.

Timely Payment of Claim. Benefits for any loss covered by this policy will be paid within 35 days after receipt of due written proof of loss or within 25 days where claims are submitted electronically. Benefits due under the policy and claim(s) are overdue if not paid within 25 days or 35 days, whichever is applicable, after We receive a complete claim containing necessary medical information and other information essential for Us to administer preexisting condition, coordination of benefits and subrogation provisions. A "complete claim" is one received by Us for adjudication and which requires no further information, adjustment or alteration by the provider of the services, You or the Beneficiary in order to be processed and paid by Us. A claim is complete if it has no defect or impropriety, including any lack of substantiating documentation, or particular circumstance requiring special treatment that prevents timely payment from being made on the claim under this provision. A complete claim includes resubmitted claims with previously identified deficiencies corrected. Errors, such as system errors, attributable to Us, do not change the complete claim status.

A complete claim does not include any of the following:

- A duplicate claim, which means an original claim and its duplicate when the duplicate is filed within 30 days of the original claim;
- Claims which are submitted fraudulently or that are based upon material misrepresentations;
- Claims that require information essential for Us to administer preexisting condition, coordination of benefits or subrogation provisions; or

- Claims submitted by a provider more than 30 days after the date of service; if the provider does not submit the claim on behalf of the Insured Person, then a claim is not complete when submitted more than 30 days after the date of billing by the provider to You or the Insured Person.

Not later than 25 days after the date We receive an electronic claim, We shall pay the appropriate benefit in full, or any portion of the claim that is complete, and notify the provider (where the claim is owed to the provider), You or the Beneficiary (where the claim is owed to the Beneficiary) of the reasons why the claim or portion thereof is not complete and will not be paid and what substantiating documentation and information is required to adjudicate the claim as complete. Not later than 35 days after the date We receive a paper claim, We shall pay the appropriate benefit in full, or any portion of the claim that is complete, and notify the provider (where the claim is owed to the provider), You or the Beneficiary (where the claim is owed to the Beneficiary) of the reasons why the claim or portion thereof is not complete and will not be paid and what substantiating documentation and information is required to adjudicate the claim as complete. Any claim or portion thereof resubmitted with the supporting documentation and information requested by Us shall be paid within 20 days after receipt.

For purposes of this provision, the term "pay" means that the We shall either send cash or a cash equivalent by United States mail, or send cash or a cash equivalent by other means such as electronic transfer, in full satisfaction of the appropriate benefit due the provider (where the claim is owed to the provider), You or the Beneficiary (where the claim is owed to the Beneficiary). To calculate the extent to which any benefits are overdue, payment shall be treated as made on the date a draft or other valid instrument was placed in the United States mail to the last known address of the provider (where the claim is owed to the provider), You or the Beneficiary (where the claim is owed to the Beneficiary) in a properly addressed, postpaid envelope, or, if not so posted, or not sent by United States mail, on the date of delivery of payment to the provider, You or the Beneficiary.

The amount of valid claim for benefits due will accrue interest at 3% per month from the day after payment is due until the claim is finally settled. Whenever interest due pursuant to this provision is less than \$1.00, such amount shall be credited to the account of the person or entity to whom such amount is owed. These provisions shall not apply to any claims or benefits owed under Medicare Advantage plans or Medicare Advantage Prescription Drug plans.

You are entitled to bring legal action to recover benefits due, any interest due as provided in the previous paragraph, and damages. If it is determined in such action that We acted in bad faith as evidenced by a repeated or deliberate pattern of failing to pay benefits and/or claims when due, the person entitled to such benefits (health care provider, You or the Beneficiary) shall be entitled to recover damages in an amount up to three times the amount of the benefits that remain unpaid until the claim is finally settled or adjudicated.

Time of Loss. Benefits will be paid only for a loss which occurs while this policy is in force. Termination of this policy will not affect any claim, provided the covered loss occurred prior to termination of this policy.

Payment of Claim. All benefits will be paid to You, if living, or to the Beneficiary. If no Beneficiary has been named or is living, benefits will be paid to Your estate. If benefits are payable to Your estate, We may pay up to \$1,000 to any relative of Yours who We find is entitled to it. Any payment made in good faith will fully discharge Us to the extent of the payment.

Overpayment Reimbursement. We have the right to recoup or recover any overpayment We make, for any reason, in processing a claim. We can only do so no later than three years after the date of the error and will notify You within 15 days after We discover the error. Such notice will clearly state the nature of the error and the amount of the overpayment. We must be reimbursed in full for the amount of the overpayment.

Claim Review. If We deny a claim, We will provide written notice of Our reason(s) for the denial and the provision(s) herein that We relied upon within 15 days of Our decision. You have the right to ask Us to review the claim on appeal and the right to submit additional information to Us that might change Our decision.

Appeal. Prior to filing any lawsuit against Us, You, Your estate, or the Beneficiary if You are deceased, should complete an appeal. The appeal request must be in writing and must be made within 60 days after receipt of Our denial decision. We will provide written notice of Our decision on appeal.

GENERAL PROVISIONS

Application Statements. No statement will void this policy or any attached riders, or be used to deny a claim unless the statement was made in the Application signed by You and any Insured Person, if different, which includes any papers signed or information provided.

In the absence of fraud, statements made on the Application, which includes any papers You and any Insured Person, if different, signed or information You and any Insured Person, if different, provided, are deemed representations and not

warranties. Representations are statements that, to the best of Your and any Insured Person's knowledge and understanding, represent the truth. Warranties are statements that are guaranteed to be true. If We considered the Application statements as warranties, We could cancel this policy for any inaccuracy, even an honest mistake.

Change of Ownership. This policy belongs to You and all policy rights may be exercised by You. If there is no living Owner at the time of Your death, the ownership will transfer to the Primary Insured Person, if different. Ownership may be changed while the Primary Insured Person is alive. You may change ownership by completing and signing a form approved by Us for changing ownership and returning the form to Our administrative office for Our written acknowledgement.

Naming a new Owner voids any prior designation unless stated otherwise in the new designation.

When We furnish You written acknowledgment of the change of ownership, the change becomes effective on the date You signed Our form. We are not liable for payment made or action taken prior to Our written acknowledgment of the ownership change.

If the Primary Insured Person is a minor child and becomes the Owner due to Your death, the Primary Insured Person's conservator is authorized to administer the Primary Insured Person's ownership rights until the Primary Insured Person attains age of majority as defined by the state in which this policy was issued.

Naming or Changing a Beneficiary. You may name or change the Beneficiary by completing and signing a form provided by Us and returning the form to Our administrative office for Our written acknowledgement. The Beneficiary may only be changed while the Primary Insured Person is alive.

Naming a new Beneficiary voids any prior designation unless stated otherwise in the new designation.

When We furnish You written acknowledgment of the change of Beneficiary, the change becomes effective on the date You signed Our form. We are not liable for payment made or action taken prior to Our written acknowledgment of the request to name or change the Beneficiary.

Conformity with State and Federal Law. The laws of the federal government and Your state of residence on the Issue Date apply. If this policy conflicts with the laws of the federal government or Your state on the Issue Date, they are considered changed to meet those laws. The change will be to the law's minimum requirement.

Duty of Cooperation. You, Your estate, the Insured Person(s) and any Beneficiaries shall reasonably cooperate during any investigation or adjudication of a claim. This cooperation shall include providing information We request and authorizing the release of medical records to Us.

Entire Contract; Changes. The entire contract consists of this policy, which includes the Application and any attached riders, endorsements, amendments or any other papers We have attached. No change in this policy will be effective until approved by one of Our officers and unless such approval is endorsed and attached to this policy. No sales representative has authority to change this policy or to waive any of its provisions.

Legal Action. You cannot bring a legal action to recover benefits under this policy or any attached riders for at least 60 days after You have given Us written proof of loss. You cannot start such an action more than three years after the date proof of loss is required.

Misstatement of Age. If any Insured Person's age has been misstated, an adjustment in premiums, coverage or both, will be made based on the Insured Person's correct age. If, according to their correct age, the coverage provided by this policy would not have become effective or would have ceased, Our only liability during the period in which the Insured Person was not eligible for coverage shall be limited to the refund of premiums.

Physical Examination. We have the right to have any Insured Person examined, when and as often as is reasonable, while a claim is pending, active or during any appeal. If We initiate the request, it will be done at Our expense. Failure to attend such examination will result in denial of the claim.

Time of Coverage. Coverage starts on the Issue Date at 12:01 a.m. in the time zone of Your permanent residence. It ends at 12:01 a.m. of the same time zone on the renewal date, subject to the Grace Period. This policy may be renewed only as stated in the Renewal section. Each time this policy is renewed, the new term begins when the old term ends.

Time Limit on Certain Defenses. We have the right to contest the validity of this policy and any attached riders based on material misrepresentations made on the Application. However, We cannot contest the validity of this policy or any attached riders after it has been in force during any Insured Person's lifetime for two years from the Issue Date, except for fraudulent

misstatements on the Application when permitted by applicable law in the state where this policy is delivered or issued for delivery.

We have the right to contest the validity of a change or reinstatement of this policy and any attached riders based on material misrepresentations made on the Application for change or reinstatement. However, We cannot contest a change or reinstatement after this policy has been changed or reinstated and in force during any Insured Person's lifetime for two years from the change effective date or Reinstatement Date, except for fraudulent misstatements on the Application for change or reinstatement, when permitted by applicable law in the state where this policy is delivered or issued for delivery.
